Annotation tools

Annotate and mark up PDF

Sometimes you need to give feedback on a document quickly. Open any PDF and use the tool rail on the side to highlight, draw, add notes and text, drop in links and stamps, or place your signature.

Tap the tool that works best for you, then tap or drag on the page.

Notes

Add text notes

Enrich your PDFs with important remarks by typing comments right on the page. They are saved with the file, so you can find them later.

Highlight with colors

Colors emphasize different kinds of information: highlight the main ideas with yellow, take green for additional info, and red for corrections.

Custom text

You can also change the size, font and color of the text you add.
